

CRISP Professional Development Workshop

“A 21st Century Approach to Teaching Electricity and Magnetism – Content and Pedagogy”

This workshop is designed to help teachers enhance their understanding of electricity and magnetism via hands-on activities and a targeted standards based discussion of content and pedagogy

Co-organized by CRISP Collaborative Science for All (CCSA)

Saturday, February 2, 2013
8:00am to 12 noon
Yale Peabody Museum
170 Whitney Avenue, New Haven, CT 06511

STIPEND/CEU's: Participants to receive breakfast, 0.3 CEU's, \$50 stipend, and take home science materials upon completion of workshop

REGISTRATION: Please RSVP by **Friday, January 18th, 2013** to CRISP Education & Outreach (crisp.mrsec@gmail.com). Enrollment is limited, so please RSVP as soon as possible to ensure a seat.

ELIGIBILITY: This program is open to all New Haven science teachers as space permits. Priority will be given to 9th grade Phy/Chem and all Physics teachers.

CCSA - A team of collaborative, innovative and interdisciplinary educators who wish to enhance the educational opportunities for New Haven students by facilitating professional development for teachers.
