

MATERIALS AND MANUFACTURING

SUMMER TEACHERS' INSTITUTE FOLLOW UP WORKSHOP

Date: February 8, 2014

Location: Southern CT State University
Jennings Hall - room 113

Time: 8:30am - 12:00pm

Please join us for the follow up workshop based on the 2013 Materials and Manufacturing workshop: "How Things are Made - Networking with Local Industry to Bring Ideas Back to Your Classroom" presented by NHMA, SCSU & Platt Tech. HS.

This workshop is designed to promote networking between education and industry professionals. Priority will be given to previous M&M attendees; however additional teachers are encouraged to attend and join the discussion.

There will be a panel of industry professionals available for questions and related discussion. The overall goal will be to collaboratively explore the common goal of optimizing learning and career opportunities for New Haven and Bridgeport Area students.

RSVP crisp.mrsec@gmail.com by February 1, 2014

Participants will receive breakfast and a \$50 stipend

Primary Sponsorship provided by:

Co-sponsored by CRISP, A National Science Foundation Materials Research Science & Engineering Center (MRSEC) at Yale/SCSU
